

My name is Liam McGeown and I believe I would be a strong asset to the Marblehead Public School Committee. I was born and raised in Marblehead, own 2 thriving business in town and have 3 young children in the public school system,

Growing up in town with a learning disability, I faced and overcame adversity. I started in a private Catholic school setting and later transferred to the Marblehead Public Schools. I feel there is nothing more important than influencing the school system that plays such a huge role in the young lives of this town. Marblehead graciously and generously paid to send me to Landmark where I was the first hybrid student, attending Marblehead half of the school day and Landmark the rest. From there I went on to graduate cum laude from Salem State with a criminal justice degree.

I strongly believe that education is the corner stone of success and responsibility of becoming a productive member of society. I appreciate your consideration and I look forward to bettering the education of the youth of Marblehead.

Sincerely,

Liam McGeown
